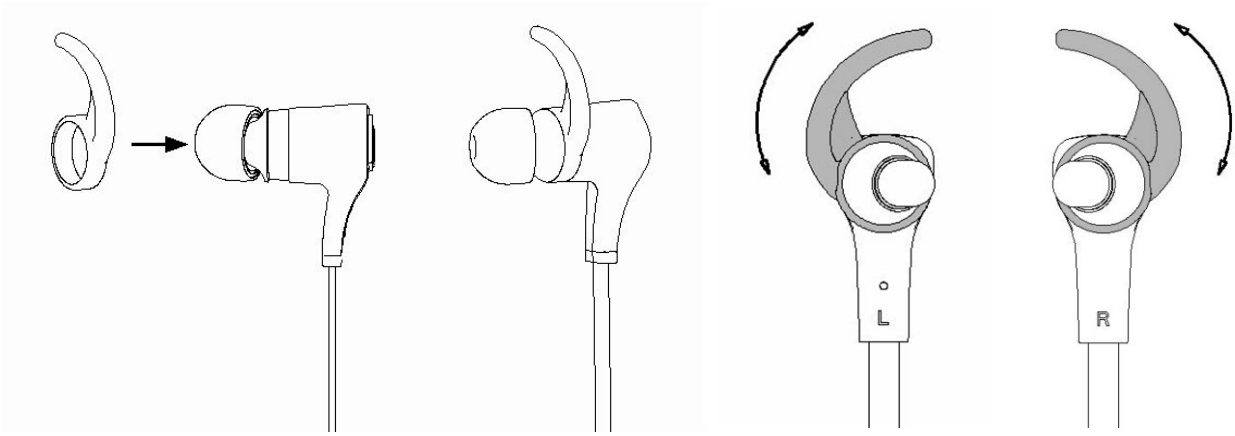
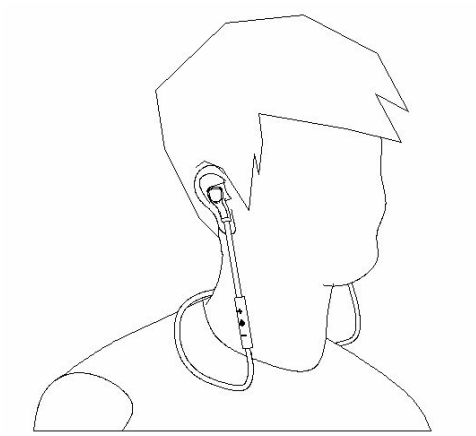
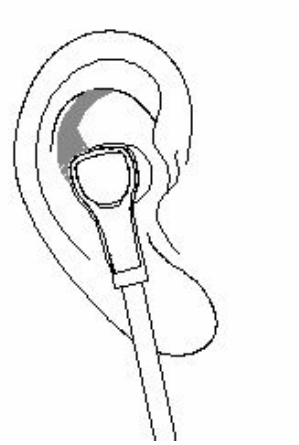
a. Put the stabilizer into the headset and rotate to the suitable position as following shown:

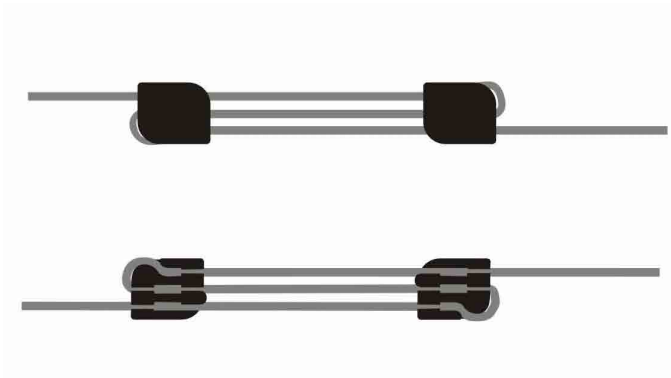


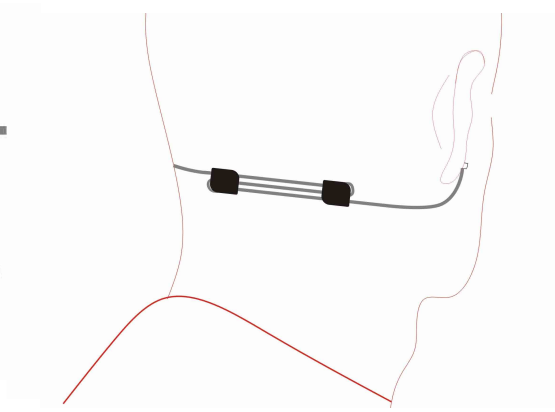
b. Choose the suitable size eartips according to your ear and wear as following shown:





c. Set up the cord management clips to get better wearing as following shown:





3. Pairing/connecting

1) Pairing headset with Bluetooth cell phone via Bluetooth

Prior to using the headset for the first time, you have to pair it with a Bluetooth-enabled cell phone. The pairing procedures are subject to different models of cell phones. Please refer to your cell phone user's manual for further information.

The general pairing procedures are as follows:

1) Keep your headset turned off and within 1 meter of phone ;

2) Press and hold ⏻ about 8 seconds until the red and blue LED flash alternately, the headset enter into paring mode;

3) Activate your cell phone's Bluetooth function and search for Bluetooth devices within range, select "Voxmio Freebird Pro" from the list of devices shown (enter password "0000 " if the headset prompt);

4) After successful connecting, blue LED of headset flashes twice every 4 seconds

Remarks:

- Pairing mode will last 2 minutes, the headset will back to standby mode if the pairing failure.
- If the pairing is not successful, turn off the headset and repeat the steps as above.
- Every time the headset is turned on, it will connect to last connected device automatically. The headset can remember 8 paired devices, when the number of paired devices exceeds 8, the first one will be replaced.

2) Pairing headset with a Bluetooth cell phone via NFC

VOX622 support NFC technology, it can quickly connect with Bluetooth cell phone via NFC.

The general pairing procedures are as follows:

1) Please activate the Bluetooth and NFC function of cell phone;

2) Pairing and connecting with cell phone. Please refer to following pictures:

Remarks:

- Please keep the NFC area of cell phone and headset within 1 centimeter until the red and blue LED of headset flash alternately(First pairing time maybe 3 seconds).
- The headset will disconnect when the NFC area of cell phone and headset touch each other again.

3) Pairing headset with multi devices via Bluetooth

The headset can connect with two Bluetooth cell phones at the same time.
The general pairing procedures are as follows:

1) Pairing the headset with device one
2) Turn on the headset and make it enter pairing mode again, and pairing it with device two
3) Operate device one to connect with headset. The headset has already connected with two devices in this moment

Remarks:

- The multi-pair function is off in factory set, please turn on this function as following:
  Turn on: long press ⏻ and + button under standby mode, and release it until you hear four raise tone
  Turn off: long press ⏻ and — button under standby mode, and release it until you hear four fall tone
- To improve the stabilization of headset, we suggest you turn off the multi-pair function when you only connect with one cell phone.

After factory reset, the paired list of headset will be deleted. After turn it on again, the headset will enter pairing mode automatically, and you need to re-pair and connect with Bluetooth devices.

■ Care and maintenance

Read the following recommendations carefully before using VOX622. Following these you will be able to enjoy this product for many years.

- Keep it dry and don't put it in the dump place to avoid the product's internal circuit being affected.
- Keep the product away from direct sunlight or hot places. High temperatures will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't expose the product to cold areas. It may damage the internal circuit board.
- Don't try to disassemble the product as it may get damaged if you are not professional.
- Don't let it fall down onto the floor or other hard surfaces. The internal circuit might get damaged.
- Don't use intensive chemical products or detergent to clean the product.

- Don’t scratch the surface with sharp things.
- Don’t use this product during strenuous exercise. It may get damaged by sweat.

In case the product doesn’t function properly, send it to the store you bought it. The staff will help you to solve the problem
